INFANT & TODDLER INFORMATION

Statement of Purpose

Our program provides children with the opportunity to engage in meaningful relationships with other children and staff. It encourages children to participate in activities and experiences to benefit them socially, emotionally and physically. It allows parents the ability to pursue economic stability for their family. We place a special emphasis on the YMCA four core values of caring, honesty, respect and responsibility in order to help children grow in spirit, mind and body. In addition, we have a strong commitment to the search Institute's Developmental Assets and the implementation of those assets in our programming.
