2019-2020 No School Day Registration Packet

Thank you for choosing the Tri-Town YMCA for your child care needs. We are excited to see what the 2019-2020 school year brings. The no school day program offers activities around a daily theme that will include field trips, individual and group activities, challenges aimed to ignite your child’s creativity, push their physical endurance and perhaps build their confidence in an activity they may have yet to experience.

No School Days run from 7:00 AM-6:00 PM and are open to all children in grades K-6. Pre-registration is required and space is first come, first serve. Fee includes morning and afternoon snack. You will need to provide a nutritious lunch and drink. Children need to bring appropriate outdoor and indoor play clothing. Please use a backpack to help us keep your child’s items organized. A minimum of 10 children is needed to hold this program. For more information, call (860) 521-5830.

To register, please complete the following:

Child Guidance and Discipline Policies: 2019–2020 School Year

It is YMCA procedure to use positive techniques of guidance with all children. Staff will set appropriate expectations and will have guidelines and environments that will minimize the need for discipline. Staff will be aware that all children are different and respond to different disciplinary techniques. The best results are achieved when parents and staff work together. Therefore, staff will communicate any behavior issues to parents promptly and be available for discussion.

Staff will be responsible for managing child behavior using techniques based on developmentally appropriate practice, including positive guidance, redirection, and setting clear limits that encourage children to develop self-control, self-discipline, and positive self-esteem.

The following are YMCA policies of positive guidance and discipline techniques:

1. Staff will divert attention away from any activity that they disapprove of by substituting another toy/game or leading the child to another activity.
2. Staff will offer children choices of activities/games they can participate in.
3. Staff will set limits for children that are consistently enforced and are based on reasons children can understand.
4. Children will be given warnings when they have done something wrong. Warnings are necessary to allow children to know in advance what to expect, reduce resistance and ease transitions.
5. Staff will structure the environment in such a way to help reduce misbehavior and accidents.
6. Staff will redirect behavior. It is necessary at times to move a child away from a behavior by suggesting an alternative acceptable behavior.
7. Staff will model appropriate behaviors for children.
8. Staff will be aware when a conflict between children arises. Staff will engage children in helping to solve the problem by analyzing the situation and all possible solutions, and working with the children to pick one they all agree as the best one.
9. Staff will separate children if they are having difficulty getting along.
10. Staff will remain objective when there is a problem with a child.
11. Staff will give children positive attention, and will engage children in behaving positively.
12. Staff will encourage children to behave positively and to continue to behave in appropriate ways.
13. Staff will explain the consequences of misbehavior to all children, and will continually remind students of the consequences.
14. No child will be physically restrained unless it is necessary to protect the health and safety of the child and others.
15. Site Directors and staff will discuss positive guidance techniques with parents, and will review these techniques as needed during the period of the child’s enrollment.

(continued on next page)
Child Guidance and Discipline Policies: 2019–2020 School Year (continued)

16. If a child’s behavior is determined by the Program Director and Executive Director to be a danger to the child, to other children or to the staff in a program, parents/guardians will be required to withdraw the child from the program.

17. Staff will report actual or suspected child abuse or neglect, or imminent risk of serious harm of any child to the Department of Children and Families as mandated by section 17a-101 to section 17a-101e inclusive, of the Connecticut General Statutes. Connecticut General Statutes identifies professionals who, because their work involves regular contact with children, are mandated by law to report suspected child abuse and neglect. All YMCA employees are considered Mandated Reporters by the State of CT. Mandated Reporters are required to report abuse or neglect based on a reasonable cause to suspect, such as what is observed, what is told or said.

I have read, understood, and discussed the Child Guidance and Discipline policies of the Tri-Town YMCA.
